Unit8

I wonder what this is.

It's a folding fan; it's called "sensu".

I'm curious, but how do you use it.

You can use it like this.

How nice, it's very convenient!

I recommend this one, made of Japanese paper, or washi.

It's 2,500yen plus tax.

Can I possibly get a discount?

Unfortunately, we can't, but we can add this bag.

Deal, can I get this one then.

How would you like to pay?

Can I possibly use this World Pay?
